Applicant's arguments filed 1/23/04 have been fully considered but they are not persuasive.

Allowed Claims:

Claims 1-31 and 45-51 are allowed.

Canceled Claims:

Claims 32-44 and 52 are canceled. (Directed to non-elected invention).

New Matter:

Applicants' amendment and addition of new claims 53-61 necessitated this new grounds of rejection.

Claims 53-61 are rejected under the first paragraph under 35 USC 112 and 35 USC 132 as the specification as originally filed does not provide support for the now claimed invention.

Should applicants show the *specific* location of support <sup>for each new claim</sup> (e.g. lines and page numbers from their specification) where they derive their support, this rejection will be promptly withdrawn.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
